June 29: Landmark West, an Upper West Side group, held a reception to focus attention on preserving 2 Columbus Circle, designed by Edward Durell Stone and completed in 1964. The Museum of Arts and Design hopes to buy the building and replace its white marble with glass. Attended by 150 guests, the event, at the Liz O'Brien Gallery at Fifth Avenue and 61st Street, raised about \$50,000.
