**199 Columbus Avenue - Upper West Side/Central Park West Historic District**

A Renaissance/Romanesque Revival style flats building, designed by Gilbert A. Schellenger and built in 1892-1893. Application is to install a bracket sign.

**HDC Testimony**

The Public Review Committee finds the design of this bracket sign appropriate. However we are concerned about mounting the sign to the brown stone and would rather see it mounted on the metal cornice, as the sign in the tax photo is, and hang down to the desired level.

**325 West End Avenue - West End Collegiate Historic District**

A neo-Renaissance style apartment building designed by Neville and Bagge and built in 1915-1916. Application is to replace windows.

**HDC Testimony**

The Public Review Committee does not approve of replacing the original stained glass window in the bathroom with a clear glass one. It is a historic, visible part of the building intended to give privacy. We would like to see this window repaired or a new one of similar materials and design replace it.

**100 West 74th Street - Upper West Side/Central Park West Historic District**

A neo-Grec style flats building designed by Thom & Wilson and built in 1886-1887. Application is to construct a rooftop addition.

**HDC Testimony**

The Public Review Committee urges the Commission to reject this proposal as this large rooftop addition is too visible.
