

Here is what the New-York Historical Society wants to put **in our front yard**. The fix is in.

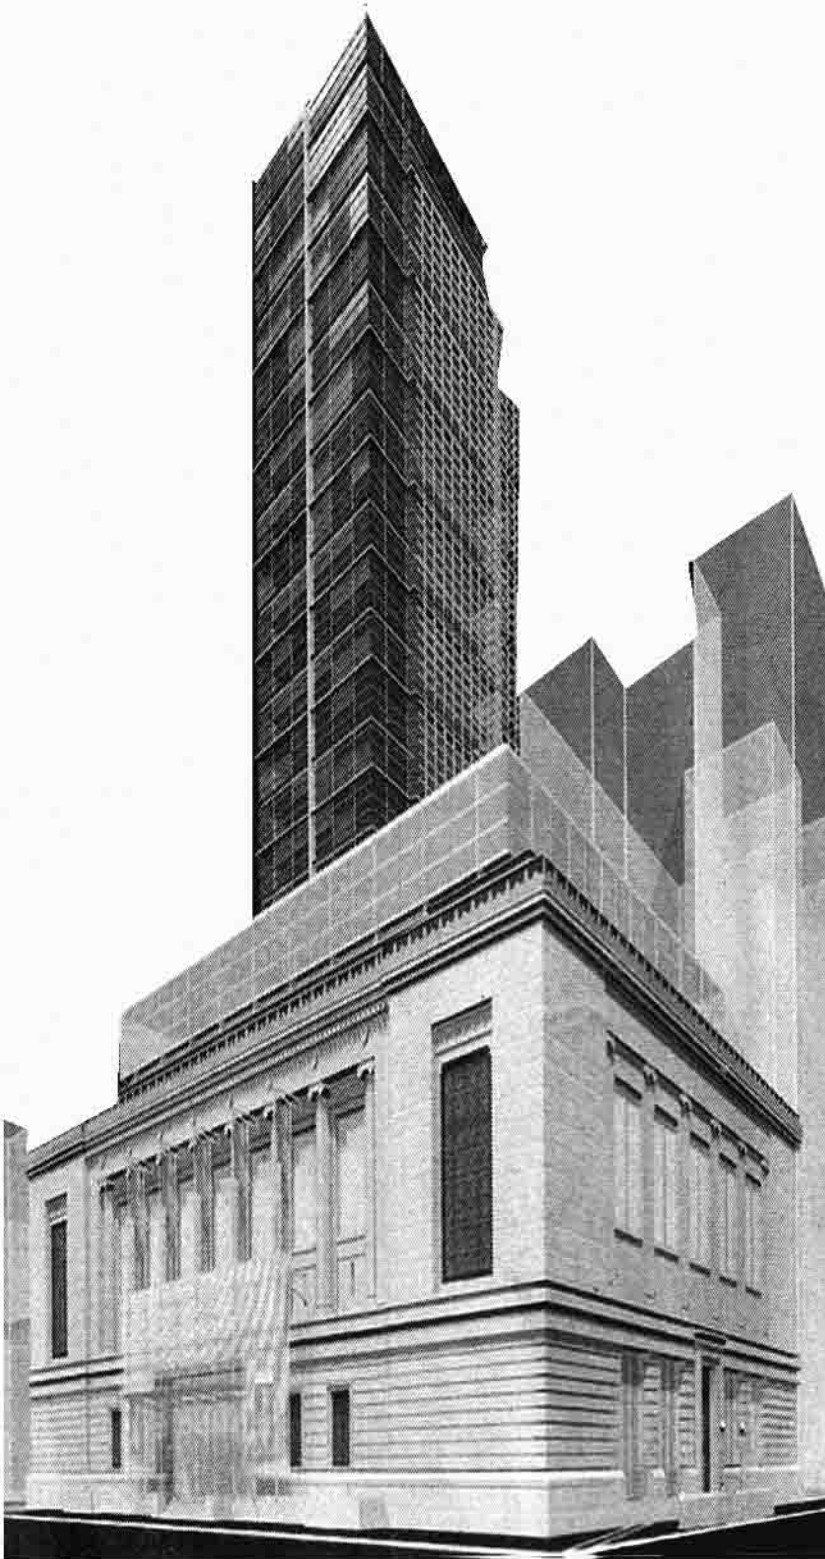

You have **one more chance** to stop it. Show up on **Tuesday, April 17, 9:15am** at the Landmarks Preservation Commission public meeting.

when: Tuesday April 17, 9:15 am

where: Landmarks Preservation Commission,
The Municipal Building, #1 Centre Street, 9th Floor

why: This could be "the vote" on N-YHS's application to to alter the facade of their triple landmark building, paving the way for a 280' glass tower.
