O n April 29, 2008, UFL and friends celebrated the 2008 Unsung Heroes of the Upper West Side. Not only did we honor those who had been working so hard to preserve the architectural integrity of historic buildings in the Upper West Side, but we also honored those who have devoted their time, energy, and resources to the betterment of our neighborhood. The event was a celebration of the many people who have worked to preserve the historic and cultural heritage of the Upper West Side.

The preparations needed to receive and celebrate the Unsung Hero Awards were as grand as the occasion itself. The event was held at the historic Bohemian National Hall, with its magnificent architecture and rich history. The Hall was transformed into a festive setting with a red carpet, elegant decorations, and a live band to entertain the guests.

The evening began with a reception where guests could mingle and enjoy appetizers and drinks. Then, the Unsung Hero Awards ceremony began, with each recipient being introduced and receiving a certificate of recognition. The recipients were selected based on their contributions to the preservation of the neighborhood.

Finally, the evening concluded with a lively dance floor where guests could swing and boogie to the tunes of the live band. The event was a huge success, with attendees having a great time and feeling proud to be part of the Upper West Side community.

The Unsung Heroes of the Upper West Side are a testament to the spirit of community and the dedication of those who work to preserve the history and culture of our neighborhood. We are grateful to all who have contributed to the betterment of our community, and we look forward to celebrating more heroes in the future.
