

## **David Owens on: Appropriate improvements to landmark sites.**

I concur with the Landmark West's position on "protecting the laws that protect our landmarks." Maintaining the character of the Upper Westside is a matter of the highest priority for our Council representative. Our zoning laws must preserve our dynamic, beautiful neighborhoods in a responsible manner that allows the Upper West Side to be ever-changing, but always better and in keeping with the best, long-standing traditions of our community.
